May 2025

Several Club members went to the Repeater site on Saturday, after the monthly Break-Feast. Some minor maintenance and clean up was done on the rack and repeater. Of course, more could always be done. The Club's TNC node, set to 145.030MHz was also installed at the site. Special thanks to Justin – KB3MCQ, Dennis N – KC3VZV, Dennis B – KA3IXG, Robert – KD2YUK and his sister Paula (soon to be licensed ham), Roger – KO7CEP, and Kathy – KA7SMI.

The Club's node, which can be reached at W3MUM-10 or PHILLS can be used to connect with

area WinLink nodes and allow hams to email anyone without internet. Don't forget the weekly message handling practice put on by Dennis N - KC3VZV.

Field Day is right around the corner (June 28-29) and we'd love to see everyone come out for the Club's Field Day event, at Codorus State Park Pavilion #2. Rain or Shine, we'll be there.

Also, if you would like to volunteer to help with setting up antennas and/or radios, working contacts on the air, or logging contact. If you can bring some food or snacks for the group, if you'd like to help out at the Club Information/Welcome Table, if you just want to come and support the Club at Field Day, please email the Club at: PennMarRadioClub@gmail.com. Be sure to include your name, call sign, and when you plan to be there or what you plan to bring. Again, we'd love to see as many members that can, come and be a part of this year's event.
